

# HOCKEY HALL OF FAME EDUCATION PROGRAM

## HALL-VISIT ACTIVITY

**Hint: To help you find the answers, use the guide map found at the back.**

1. At the entrance to the Hockey Hall of Fame, you'll find two larger-than-life statues. One of them is Cyclone Taylor and the other is \_\_\_\_\_. Using your knowledge of measurement, how tall would you guess the statue is? What clues around the statue did you use to help your estimate?

---

---

---

2. In the **Hyundai NHL Zone Retro** display, you'll find hockey sweaters from years gone by. Find a sweater belonging to a team that no longer plays in the NHL (if you're unsure, ask a friend, read the displays or make your best guess). What city did it belong to? How can you tell it's old?

---

---

---

3. Did you know that the original 'Minute Book of the National Hockey League' is over 100 years old? This book was used to record the rules decided upon when the NHL was first being formed. What are the dates indicated on the front cover?

- a) November 16, 1893 - November 22, 1917
- b) November 22, 1917 - November 7, 1925
- c) November 17, 1925 - October 7, 1927
- d) November 25, 1922 - November 7, 1923

**(Hint: you can find this treasured book in the Hyundai NHL Zone Retro display)**

4. Hockey equipment has undergone many changes and developments throughout the years. One of those changes is the evolution from thick wool hockey sweaters to the high-tech materials of today.

a) In the **Montreal Canadiens Dressing Room**, locate the stall of Jacques Plante (#1). Feel the jersey and examine the equipment (mask, pads, and gloves). Now find Patrick Roy (#33). Compare the two sets of equipment below.

b) What are some possible reasons for the changes in equipment?

---

---

---

5. Locate the tallest trophy in the **St. Louis Bar & Grill Vintage Hockey Hub** area. What is it called? How tall do you think it is?

---

---

---

# HOCKEY HALL OF FAME EDUCATION PROGRAM

6. In **Upper Deck Collectors' Corner**, you'll find the handprint of someone who has had a huge influence on the game of hockey. Who does this handprint belong to?

---

---

---

If you take a look at the hand print you will notice that it's autographed. Sign your autograph in the box below:

7. Masks have certainly changed over the years. Look at each display in **The Mask presented by Imports Dragon** and describe which masks you like the most and why.

---

---

---

8. Take a moment to draw your favourite mask in the space below:

## Photo Op!

With a classmate test your anchor skills in the **TSN/RDS SportsCentre Studio**.  
Have your teacher take a photo from the outside so it looks like you're really there!

9. The 'Golden Goal' display at the entrance to the **National Bank World of Hockey** zone shows some important artifacts from the 2010 Vancouver Olympics. In overtime, superstar Sidney Crosby slid the puck past USA goalie Ryan Miller to win the gold medal for Canada! Name three of the artifacts on display:

---

---

---

10. Hockey is often referred to as Canada's game, but the sport is played and loved throughout the world. In the **National Bank World of Hockey** zone, you'll find jerseys that belong to many different countries. For the letters listed below, find a country with a jersey on display and give a short description of its colours. The first one is done for you.

<b>C - Canada</b>	<b>red, white, black</b>
<b>S -</b>	
<b>U -</b>	
<b>R -</b>

## Photo Op!

In one of the corners of the **Esso Great Hall**, you'll find a statue of the legendary Lester Patrick pointing the way. Gather around the statue and point just like Lester!  
Have your teacher take a photo from the stairs.

11. Guess what! There are eight women who have their names engraved on the Stanley Cup. Look at the display of retired bands in Lord Stanley's Vault in the **Esso Great Hall**, and you'll find the very first woman engraved on the Stanley Cup. What was her name and position with the team? **(Hint: look for the Detroit Red Wings 1953-54 Champions)**

---

12. Diamonds! The players lucky enough to win the Stanley Cup are also given their own rings. The rings only get bigger as time goes on. Visit the Stanley Cup Ring display in the **Esso Great Hall** and choose your favourite ring design and record the team name and championship season.

---

13. Did you know that many trophies are named after famous people? For example, the Stanley Cup is named after Lord Stanley of Preston who was Canada's Governor General when he donated the trophy in 1892. A person named after another person, or more broadly, a thing named after a person, is called a namesake.

a) Find another trophy in the **Esso Great Hall** that is named after an important person. Who was its namesake? What was one thing that was important about them?

---

---

---

# HOCKEY HALL OF FAME EDUCATION PROGRAM

b) List an example from something outside of the Hockey Hall of Fame that has a namesake (think of famous buildings, landmarks or even people!)

---

---

14. Look up! The incredible stained glass ceiling above you in the **Esso Great Hall** is over 100 years old. You will find many images and symbols in the dome (including some mythic creatures). Name one image and what it could represent.

---

---

---

15. My favourite part of the Hockey Hall of Fame is:

---

---

---

---

---

---
