HOCKEY HALL of FAME

A World Class Attraction
As an entertainment destination - the Hockey Hall of Fame is truly in a league of its own.

Much more than a sports museum, the Hockey Hall of Fame is a vibrant, immersive and interactive celebration of hockey. Spread across 65,000 square feet, the Hall of Fame offers something for everyone: the finest collection of hockey artifacts at all levels of play from around the world; the simulation games theatre; themed exhibits dedicated to the game’s greatest players, teams and achievements; larger-than-life statues; a replica NHL dressing room; an unsualled selection of hockey-related merchandise within our store; and all, topped off best of all, hands-on access to the Stanley Cups.

It’s your time to play & share
Try your hand at goalshooting and shooting against life-sized, EA Sports animated versions of today’s top players in the NHLA Game-Time model. Call the play-by-play and host your own SportsCentre at the TSN Broadcast Zone.
