

Junior Education Program

HOCKEY HALL OF FAME

Introduction

Welcome to the Hockey Hall of Fame Junior Education Program.

This program was designed to assist you in planning your trip with your class to the Hockey Hall of Fame. The program consists of three sections which are:

1. Pre-Visit activities
2. Hall Visit activities
3. Post-Visit activities

These activities cover a broad range of curriculum expectations in subjects such as Math, Social Studies, Language and the Arts. The contents of this education program are recommended for Grades 4-6.

In the “Pre-Visit activities”, your students will be introduced to stories about a beaver named Rusty and how he learns about hockey and the Hockey Hall of Fame. Each story is accompanied by a worksheet.

The “Hall Visit Activities” can be printed and given to students when you visit the Hockey Hall of Fame. We recommend you divide the class into groups of 4-8 students and have each group start at different questions. There is a map found at the end of the “Hall Visit Activities” section that will assist students with locating the answers.

Back at school, there are more activities entitled “Post-Hall” activities which can serve as a guideline for any extensions you might wish to design. Furthermore, our website provides an enormous amount of information on all aspects of the game. Feel free to browse www.hhof.com for any ideas or questions you might have. We have also provided a list of hockey-related books and novels that may be of some help when introducing the trip to your class.

This Program was designed in conjunction with Ontario’s Junior Education Curriculum to ensure that your students receive relevant, unique and fun lessons.

Thank you for using the Hockey Hall of Fame Junior Education Program. Should you have any questions regarding the program, or if you would like to book your group visit, please contact the Group Sales Department at (416)-360-7735 ext. 292 or toll-free at 1-888-501-9770.
