

HOCKEY HALL OF FAME EDUCATION PROGRAM

HALL-VISIT ACTIVITY

1. At the Hall of Fame entrance, you'll find two larger-than-life statues. One of Cyclone Taylor, and the other of _____. How tall would you guess the statue is? Why did you chose that unit of measurement?

2. Diamonds! The players lucky enough to win the Stanley Cup are also given their own rings. The rings only get bigger as time moves on. Visit the Stanley Cup Ring display in the **Honda NHL Zone** and choose your favourite ring design and record the team name: _____ and the year it was made _____.

3. In the **Honda NHL Zone Retro** display you'll find jerseys from days gone by. Find a jersey belonging to a team that no longer plays in the NHL (if you're unsure ask a friend, read the displays, or make your best guess). What city did it belong to? How can you tell it's old?

4. Did you know that the original 'Minute Book of National Hockey League' is over 100 years old? This book was used to record the rules decided upon when the NHL was first being formed. What are the dates indicated on the front cover?

- a. November 16, 1893 – November 22, 1917
- b. November 22, 1917 – November 7, 1925
- c. November 17, 1925 – October 7, 1927
- d. November 25, 1922 – November 7, 1923

(Hint: you can find this treasured book in the Honda NHL Zone Retro display)

HOCKEY HALL OF FAME EDUCATION PROGRAM

5. Hockey equipment has undergone many changes and developments throughout the years. One of those changes is the development from thick wool hockey sweaters to the high tech materials of today.
- a. In the **Montreal Canadiens Dressing Room**, locate the stall of Jacques Plante (#1). Feel the jersey and examine the equipment (mask, pads, gloves). Now find Patrick Roy (#33). Compare the two sets of equipment below.

Similarities	Differences

- b. What are some possible reasons for the changes in equipment?

6. Locate the tallest trophy in the **Hometown Hockey** area. What is it called? How tall do you think it is?

HOCKEY HALL OF FAME EDUCATION PROGRAM

7. In **Upper Deck Collectors' Corner** you'll find the hand print of someone who has been a huge influence in the game of hockey. Who does this hand print belong to?

If you take a look at the hand print you will notice that it's autographed. Sign your autograph in the box below:

8. Masks have certainly changed over the years. Look at each display in **The Mask presented by Imports Dragon** and describe which masks you like the most and why.

Take a moment to draw your favourite mask in the space below:

Photo Op!
With a classmate test your anchor skills in the **TSN/RDS SportsCentre Studio**.
Have your teacher take a photo from the outside so it looks like you're really there!

HOCKEY HALL OF FAME EDUCATION PROGRAM

9. The game of Hockey would not be the same without the entertaining and enthusiastic voices you hear announcing plays, providing commentary and sharing in our love for the game. Walk along the hockey broadcast visual timeline. Who were the famous commentators during the “Early Days” “The Golden Years” and the “New Millennium”?

(Hint: you can find this timeline located beneath the mezzanine level in the TSN/RDS Broadcast Zone)

10. The ‘Golden Goal’ display at the entrance to the **Tissot World of Hockey** zone shows some important artifacts from the 2010 Vancouver Olympics. In overtime, superstar Sidney Crosby would slide the puck past USA goalie Ryan Miller to win the gold medal for Canada! Name three of the artifacts on display:

11. Hockey is often referred to as Canada’s game, but the sport is played and loved throughout the world. In the **Tissot World of Hockey** zone you’ll find jerseys that belong to many different countries. For the letters listed below, find a country with a jersey on display and give a short description of its colours. The first one is done for you.

C - Canada	red, white, black
S -	
U -	
R -

Photo Op!

On the way up the stairs to the **Esso Great Hall** you'll find a statue of the legendary Lester Patrick pointing the way. Gather around the statue and point just like Lester!
Have your teacher take a photo from the stairs.

12. Guess what! There are eight women who have their names engraved on the Stanley Cup. Look at the display of retired bands in Lord Stanley's Vault in the **Esso Great Hall**, and you'll find the very first woman engraved on the Stanley Cup. What was her name and position with the team? (**Hint: look for the Detroit Red Wings 1953-1954 Champions**)

13. Did you know that many trophies are named after famous people? For example, the Stanley Cup is named after Lord Stanley of Preston who was Canada's Governor General when he donated the trophy in 1892. A person named after another, or more broadly, a thing named after a person is called a namesake.

- a. Find another trophy in the **Esso Great Hall** that is named after an important person. Who was its namesake? What was one thing that was important about them?

- b. List an example from something outside of the Hockey Hall of Fame that has a namesake (think of famous buildings, landmarks, even people!)

HOCKEY HALL OF FAME EDUCATION PROGRAM

14. Look up! The incredible stained glass ceiling in the **Esso Great Hall** above you is over 100 years old. You will find many images and symbols in the dome (including some mythic creatures). Name one image and what it could represent.

15. My favourite part of the Hockey Hall of Fame is:
